

Introduction

The purpose of this document is to provide information about the accessibility of the community hubs operated by LEAP Project in the Cambuslang and Rutherglen areas. LEAP Project is dedicated to making its community hubs physically accessible to everyone who uses the space.

If you have any questions or feedback regarding accessibility, please phone our bookings team on **0141 641 5169**, or email us at bookings@leap-project.co.uk

This document has been developed using the guidance provided by the UK Government.

The wording and structure of this checklist reflects existing checklists developed by other community hubs.

Please see below the relevant pages for each community hub LEAP Project manages.

Community Hub	Page Number
Halfway Community Hub	Page 2
Spittal Community Hub	Page 6
Toll Pitch Community Hub	Page 9

Halfway Community Hub

The purpose of this section is to provide information about the accessibility of the Halfway Community Hub.

If you have any questions or feedback regarding accessibility, please phone our bookings team on **0141 641 5169**, or email us at bookings@leap-project.co.uk

Access To Building and Travel

Feature	Yes/ No	Description
Accessible and noticeable signage	Yes	The hub is identifiable by the large red sign above the front door. This sign says "LEAP Halfway Community Hub" and includes our red LEAP logo.
Accessible lobby space	Yes	Our lobby has enough space where a wheelchair user can move clear of one door before using the next one. The doors between the main door and the lobby are manual swing doors which can be propped open using door stops.
Public transport access	Yes	The nearest bus stops include: - Craigallian Avenue (30m) - Mill Road (88m) The nearest train stations include: - Newton (0.9 miles, 1.4km – step free routes are available between platforms and existing/entering the station) - Kirkhill (0.9 miles, 1.4km - step free routes are available between platforms and existing/entering the station) - Cambuslang (1.2 miles, 1.9km – step-free access to the station, no step-free access between platforms)
Accessible parking close to building	Yes	There is a car park located behind the hub, approximately 50 metres from the entrance to the Hub. This is accessible via Craigallian Avenue. There are approximately 15 parking spaces and 1 disabled parking space located at the entrance of the car park.

Step free wheelchair accessible building entrance	No	There is a step up to the front door of the hub. This is 13cm high. A ramp can be provided.
Flooring type	/	Grey carpet tiles
Internal doors wide enough for wheelchairs	Yes	Our doors meet the mandatory width for wheelchair access. There are two swing doors in the foyer which can be kept open with unintrusive door stops.
Internal stairs	No	The hub is single leveled.
Seating	Yes	Unfixed folding white chairs with no arm rests.
Tables with wheelchair accessible height	Yes	White folding table with adjustable height to accommodate wheelchair users.
Charging for battery powered assistive equipment	Yes	Located throughout the building.
If using PowerPoint or a screen, is the screen big enough for those with visual impairments?	Yes	The large hall has one projector, one large screen and a television which can be synced to the projector. The small hall has one projector and one large screen.

Toilets

There are two toilets in the hub, one located in the large hall and one located in the small hall.

Information for the accessible toilets:

Feature	Yes/No	Description
Outward facing door	Yes	
Toilet positioned higher for wheelchair access	No	
Paddle toilet flush	Yes	
Emergency cord	No	
Grab rails	Yes	There are two grab rails beside the toilet (the left-hand side rail can be moved and secured

		upright), two on either side of the sink and two on either side of the hand driers.
Changing table	Yes	A foldable infant changing station is mounted onto the left-hand wall behind the door.
Sink in toilet cubicle	Yes	Situated at the rear of the cubicle.
Shelf	Yes	Located beside the sink.
Lighting	Yes	Light switch is situated outside of the bathroom on a labeled switch.
Bin	Yes	Sanitary bin within the cubicle.

Senses

Feature	Yes/No	Description
Noise	/	The hub can be separated into two smaller halls. It is possible to have two bookings at the same time within the venue. A member of our booking team can confirm more than one booking is taking place at the time of your hire. The hub has a capacity of approximately 70. Noise sources could include: voices, kitchen appliances and activities, amplified music, chairs and tables being moved and external noise from the main road.
Lighting	/	The hub has bright overhead panel lights and spotlights with a dial operated dimmer function.

Heating	Yes	There is central heating which is controlled centrally by the LEAP booking team.
Hearing/induction loop system	No	
Ear defenders and ear plugs	No	

Additional Separate Spaces Within Venue

The Halfway Community Hub does have separate rooms which could be used as a secondary quiet space away from the main booking. The accessibility of these spaces is dependent on the conditions of the hire. To access secondary spaces, the hirer must take this into account during the booking process.

Spittal Community Hub

The purpose of this section is to provide information about the accessibility of the Spittal Community Hub.

If you have any questions or feedback regarding accessibility, please phone our bookings team on **0141 641 5169**, or email us at bookings@leap-project.co.uk
